*****NOTICE ON WAN HAI LINES OF DECLARATION MANAGEMENT*****

Dear Valued Customers,

Your esteemed company shall strictly and continuously comply with the requirements in any rules of Wan Hai Lines, Ltd. (hereinafter referred to as "WHL"), and the applicable regulations, laws, or conventions, in respect of, including but not limited to, declaration shown in Bill of Lading, packaging, labeling, weight, carriage, or handling, disposal of cargoes, and shall honestly and accurately make the declaration of cargoes in accordance with the said requirements as well as the requirements made by the carrier, or the carrier's agent prior to delivery of cargo to WHL's designated locations, depots or terminals.

From now on, if the declarations and shipping forms and documents enclosed are not true and not accurate, WHL has the rights to immediately stop or suspend the delivery of the cargoes or terminate the contract of delivery for the cargoes at any time during the carriage. Your esteemed company (also including the shipper, the notifying party and the consignee) shall assume and bear any expenses and fees incurred and all liabilities of damages and losses, costs, including but not limited to, fines, forfeits, penalties, attorney fees, litigation costs, and, in addition, shall pay punitive damages as follows:

If the cargoes involved in violation of the relevant requirements are Hazardous Cargoes, the punitive damages shall be USD100,000 per container.

If the cargoes involved in violation of the relevant requirements are Non-hazardous cargoes, the punitive damages shall be USD100,000 per container.

New deposit collection: USD 100,000 (full liquidated damages and deposit will be collected within one week after concealment is discovered.), the deposit will be used as subsequent and relevant overdue fees such as container damage, detention fee (overdue fees involving underreporting need to be calculated at 3 times), terminal fees, local customs related processing fees, etc.

All risks, responsibilities and/or any damages, losses, claims, fines and any consequences arising out or in connection with the safety accidents if occurred and resulted from concealment of shipments will be charged accordingly. If there is any shortfall, it must be made up.

We shall appreciate your acknowledgement and support, to make carriage of cargo safe.

Anti-Corruption and Anti-Bribery Statement

Wan Hai Lines Ltd. is committed to integrity in business operations and strictly prohibits any form of corruption and bribery.

To implement this policy, we have established for the whistleblowers an independent reporting mailbox at comment@wanhai.com, managed by a dedicated unit at our headquarters.

We promise to keep the identity of whistleblowers and content of the report confidential and protect them from any improper or unfair treatment.

Your trust is our driving force for continuous improvement.
We look forward to working with you to maintain a fair and just business environment.

WHL REEFER CARGOES NOTICE

- * Do not load / unload cargo when the refrigerator compressor is running.
 - * Do not stack cargo above the red loading lines (red lines on the walls). In addition, please reserve appropriate space and cooling channel in accordance with the cargo characteristics for circulation of cool air.
 - * The trucker or agent picking up container is required to inspect all accessories and indicate on equipment investigation record (EIR) if any damages or missing parts are found. It will be regarded as Reefer equipment taken in good condition if no remark on EIR.
 - * Do not use a socket not conformed to WHL HAI's specification. To cut or dismantle the plug and/or safety pins is not allowed. Your good company will be requested to indemnify if any damage and demolition are found.
 - * Do not remove any accessories of the equipment, including drain plugs and baffle plates. Your good company will be requested to indemnify if any loss or damage is found.
 - * Appropriate packing shall be applied on cargo and blocking air channels shall be avoided.
 - * Pre-cool cargo to required carrying temperature before stuffing in container.
 - * Do not operate, adjust the electrical/ machinery and temperature controlling system.
 - * Keep Control box closed.
 - * Do not dismantle any parts or power plug.
 - * Cable wire should be well protected and always kept in its designated position after use.
 - * Shipper is liable for cargo delay and/or possible cargo damage if container rejected due to difference in gate-in temperature and required temperature.
 - * Shipper /Trucker/Agent picking up the reefer container should take the responsibility to check and ensure, prior to taking delivery, that temperature of the reefer unit is set in conformity with Shipper's Booking instruction given to WAN HAI.
 - * In cases where the temperature may not be maintained for the temperature shipper instructed, the carrier shall be entitled to arrange for a container swap or by other means to remain the cargo temperature.
- I confirm that this shipment does not contain lithium(Sodium)-ion batteries or equipment containing lithium(Sodium)-ion batteries.

Please be advised that should your esteemed company does not raise any objections (whether in writing or orally) to the context of the aforesaid booking notice, it will be deemed that your esteemed company has fully read, accepted and complied with the above and agree to be deemed part of the terms of this Contract of Carriage.
